- Appendix A. DFSCA Alcohol and Other Drug Prevention Certification
- Appendix B. Drug and Alcohol Abuse Prevention Program
- Appendix C. Drug-

The Drug Free Schools and Communities Act (DFSCA) of 1989 requires institutions of higher education to establish policies that address unlawful possession, use, or distribution of alcohol and illicit drugs.

Central Community College (CCC) has implemented a Drug and Alcohol Abuse Prevention Program (DAAPP) to prevent the abuse of alcohol and use or distribution of illicit drugs both by CCC students and employees on its premises. The purpose of this biennial review is to monitor the effectiveness of the DAAPP, implement changes if they are needed, and ensure that disciplinary sanctions for violating standards of conduct are enforced consistently.

Biennial Review Process

The Dean of Student Success is the administrator responsible for ensuring completion of the biennial review of the DAAPP and associated supporting documents. The Director of Counseling and Prevention Education Services has prepared the current report using data and information gathered from Student Services and Human Resources departments with the assistance of the Prevention Education Taskforce. The Taskforce 8 (s)1T17 (s)1t3(u)T3ecaThe Tas

x SafeColleges- SafeColleges has alcohol and drug abuse prevention courses that stimulate change in student attitudes and behavior by presenting students with the many risks of abusing alcohol and/or drugs and detrimental effects that these can have on their lives.

(b) (5) - AML and BDC (09/11)

At the start of the 2020-2021 academic year, CCC internalized their counseling services. CCC Counseling Services is now staffed with licensed mental health counselors that can provide education and counseling opportunities for all CCC students. In addition to individual and group counseling, the Counseling Services Department is responsible for prevention programming, to include alcohol and drug education and awareness. Counselors are also able to provide alcohol and drug psychoeducation sessions to students who violate the Code of Student Conduct.

CCC serves a 25 county area, therefore, we have worked to develop an active community resource guide that provides drug and alcohol treatment and helpline information for students who choose not to utilize our counseling services.

The CCC Code of Student Conduct contains information about policies, protocol, and disciplinary sanctions for drug and alcohol violations.

Annual Security Reports are made available online and on each campus.

Annual Distribution Procedures

Annually, employees and students are made aware of the Drug and Alcohol Abuse Prevention Program at CCC, via their individual email account. The email includes a link to the CCC webpage that outlines our DAAPP in detail. The DAAPP references employee policy links and the link to the Code of Student Conduct as well. This notification is done each semester.

Enforcement Analysis

Enforcement of the College's policies and procedures concerning alcohol and drug use lies primarily with Student Services and Human Resources. CCC's adjudication and enforcement

Recommendation 3:

CCC will partner with county prevention programs in developing strong data collection surveys on use and alcohol and drug perceptions.

Recommendation 4:

CCC will begin utilizing the alcohol and drug modules of SafeColleges more consistently to provide additional education to student populations.

Recommendation 5:

The utilization of the task team consistently throughout the year, in reviewing and evaluating programs. The team will also help ensure the procedures developed to complete the biennial review every two years are followed.

CENTRAL COMMUNITY COLLEGE
Drug-Free Schools and Campuses Regulations [EDGAR Part 86]
Alcohol and Other Drug Prevention Certification

The undersigned certifies that it has adopted and implemented an alcohol and other drug prevention program for its students and employees that includes the following:

Drugs may come with commercial names, common forms, common routes of use and times. All of these drugs have possible short, longterm and other health related effects.

Drug Abuse

Alcohol Abuse

Alcohol effects vary from person to person. This depends on a variety of factors including, how much you drink, how often you drink, your age, health status, etc. Alcohol impairs brain functioning and motor skills. If use continues over time, it increases the risk of heart, liver and pancreas damage. There is also strong evidence of an association between alcohol drinking and several types of cancer.

The National Institute on Alcohol Abuse and Alcoholism provides additional information regarding health risks, along with information about mixing alcohol with certain medications. Their webpage is <https://www.niaaa.nih.gov/>.

4. Drug and Alcohol Programs

CCC encourages employees and students to seek help with substance use/abuse problems or concerns.

Drug and Alcohol Testing Policy

Pursuant to the Drug-Free Workplace Act and the Drug-Free Schools and Communities Act, Central Community College will require drug and alcohol tests for employees and students in circumstances where reasonable suspicion exists.

Central Community College promotes a drug free campus and drug free athletic programs and requires all student athletes to be potential participants in a random drug testing program. The purpose of CCC's random drug testing and education program to:

- x Educate student athletes about the possible consequences of illegal drug use.
- x Prevent drug use and any negative consequences that come from drug use.
- x
